1. Written Communication
2. Board Member Comments
3. Director's Report
 - Enrollment: 107
 - School year off to a great start.
 - Ocean Guardian - Presentation by Wyatt Watershed restoration with Santa Lucia Conservancy and Del Monte Conservancy
 - Golden Ticket Program: Third-graders in Monterey County who demonstrate grade-level reading proficiency on the annual state assessment (CAASPP or the CSA) will receive a GOLDEN TICKET and \$250. We have included the California Spanish Assessment (CSA) because data indicates that third graders who are literate in Spanish will soon become literate in English as well. It is important to note that we do not believe a \$250 reward alone will change the trajectory of California's literacy scores. We are testing whether this incentive, when paired with an appropriate literacy landscape, including evidence-based curriculum and professional development for teachers will motivate students and their families to support their literacy journey in new ways. We ask participating school districts to ensure that TK-3rd grade students view this as an incentive. Students should understand that achieving "Standard Met" or "Standard Exceeded" on the CAASPP, or "High Degree" on the CSA, will result in a \$250 award. This is intended to be a goal for them to work towards, rather than simply a reward after the fact.
4. BSCS Staff Comments (Non-Agenda Items)

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 0.00
2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit. _____

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 921,369.00

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 0.00%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

(For final approved fixed-with-carry-forward rate for use in 2027-28 see www.cde.ca.gov/fg/ac/ic) (Line A10 divided by Line B19)	3.38%
Part IV - Carry-forward Adjustment	
The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates	

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	33,404.72
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	6,545.79
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (1.88%) times Part III, Line B19); zero if negative	13,722.76
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (1.88%) times Part III, Line B19) or (the highest rate used to recover costs from any program (0%) times Part III, Line B19); zero if positive	0.00
D. Preliminary carry-forward adjustment (Line C1 or C2)	13,722.76
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	13,722.76

Big Sur Charter School - Relay Solution & Next Steps

Hi Aimee,

Thank you again for your time today. It was great speaking with you and learning more about Big Sur Charter School's unique environment and hybrid learning model.

As a recap, we discussed the challenges of maintaining reliable communication across your campus, particularly when staff are working in field locations and need dependable communication during urgent situations. We also talked about the limitations you've experienced with traditional walkie-talkies, including interference issues and the need for a more secure, reliable solution than cell phones alone.

Relay can help by providing:

- **Nationwide coverage** through cellular and WiFi connectivity, keeping your team connected both on campus and during field trips
- **Private, interference-free communication** with dedicated channels for your staff
- **Emergency-ready features** including panic alerts, GPS tracking, one-to-one calling, and do not disturb mode
- **Simple, durable devices** that are easy for any staff member to use right away

I've also included:

- **A Relay quote** based on the solution we discussed
- **Fleet Shield**, which outlines our warranty and device replacement coverage

Thank you for everything you and your team do to support and shape the next generation. It's clear how much thought and care go into creating a safe, engaging learning environment for your students, and it was a pleasure learning more about your mission.

Please let me know if there's anything else I can provide, any tweaks to the quote that need to be made, or any questions I can answer while you review everything.

Looking forward to speaking again soon :)

Best,
